There will always be some real risk in the adventure activities we offer. However, the risk is generally confined to a similar level a child involved in active play may experience, or an adult involved in normal active recreation. We take all reasonable steps to provide you with the level of care and assurances of safety appropriate to the activity. The nature of the risks may be different from those you are familiar with and may require an attitude and approach different from other activities you have taken part in. We expect clients to contribute to their own and each other's safety by following the instructions given by staff. This in no way compromises your legal rights, nor does it release *Sea Kayak Avanture (SKA)* from any of its obligations towards you.
